## OBJECTIVE

---

Motivated Software Developer with skills in HTML, CSS, JavaScript, and React.js. Experienced in building responsive and scalable web applications with a focus on clean code and user experience. Seeking an opportunity to contribute to impactful projects, collaborate with teams, and grow as a developer in a professional environment.

## WORK EXPERIENCE

---

### Software Developer Intern, Softcrowd Technologies

Jan 2025 – Jun 2025

- Contributed to the development of web applications by building and optimizing front-end features using HTML, CSS, JavaScript, and React.js.
- Implemented responsive UI components and reusable modules to enhance user experience and ensure scalability across devices.

## PROJECTS

---

### Mentii - Your Mental Health Buddy

- A web-based application built using MERN stack, aimed at improving mental well-being through sentiment analysis using the Bag of Words (BoW) model. Designed to act as a supportive buddy, helping users track emotions and enhance self-awareness.  
<https://github.com/nameiskaustubh/mentiii>

### Personal Portfolio Website

- Built a responsive portfolio using React and TailwindCSS to showcase projects, skills, and contact information. Integrated smooth UI/UX with animations and deployed on Vercel for live access.
